

EU Declaration of Conformity

Date of issue: 23.06.2014

For the device mentioned below

Part Number/Description	PMD 150 24S xx UHB
-------------------------	---------------------------

it is herewith declared that it corresponds to the essential protection requirements defined in the following directives:

Council Directive 2006/95/EC of 12.12.2006 on harmonization of the laws of the Member States regarding electrical equipment for the use within certain voltage limits-short: **Low Voltage Directive**

Remark note:

The DC/DC converters series PMD which are intended for the use as PCB mountable components are not covered. Because the rated input voltages are below the values stated in clause 1 of the low voltage directive. They are exclusively installed by qualified manufacturers in final equipment. The manufacturer of the final equipment has to ensure that this final product complies with the requirements of the low voltage directive issued by legal authorities.

Council Directive 2004/108/EC of 15.12.2004 on harmonization of the laws of the Member States about the electromagnetic compatibility – short: **EMC Directive**

The above mentioned types are signed with CE mark. For further information about the fulfilment of these directives see enclosure 1.

This declaration is issued on behalf of

Name:	MTM Power Messtechnik Mellenbach GmbH
Address:	Zirkel 3 98746 Mellenbach Germany
